Teamwork

Time Management

Professional Summary

"I am a motivated IT student with a strong curiosity for technology and its real-world applications. I am keenly interested in AI tools and their potential for creative and practical tasks. As I gain experience, I am eager to learn, adapt, and develop my skills. I am excited to explore opportunities in the tech field."

Projects

Kamyas - Personalized Gift Suggestions

Live Demo Link   Github Repo Link

JavaScript HTML5 CSS3 JSON Server

Glitch (Backend), Responsive Web Design

- Developed a fully responsive web design using React.js, JavaScript, HTML5, and CSS3.
- Integrated wishlist and shopping cart systems to enhance user functionality.
- Implemented product browsing by categories and personalized gift suggestions.
- Created RESTful API integration to enable admin functionalities.
- Utilized JSON server on Glitch for backend development and data management.

Blood Bond (Blood Donation & Management System)

Github Repo Link

HTML5 CSS3 PHP Responsive Web Design

Bootstrap JavaScript MySQL

- Collaborated with a team to implement user-friendly registration forms for donors and recipients, enhancing the user interface.
- Built responsive web pages using HTML5, CSS3, and Bootstrap to ensure smooth performance across devices and browsers.
- Integrated PHP and MySQL for efficient blood request management and real-time updates.
- Assisted in testing and debugging to guarantee application reliability and stability.

Certifications

How to Get Involved in Artificial Intelligence 🔗
Atingi - Fair Forward
I completed an introductory course on Artificial Intelligence, which covered the basics of AI, its industry applications, and the key concepts required to get involved in the field.

Digital Marketing Certification 🔗
Accenture (in association with CPD)
Completed a course focused on digital marketing strategies.

Combined Annual Training Camp (CATC) 🔗
3 J&K BN NCC, Baramulla
Training camp that focused on leadership, discipline, and physical fitness under the guidance of NCC instructors. The camp also included training sessions with seven directors.

20th Rashtra Katha Shivir 🔗
Shri Vedic Mission Trust
Attended a week-long event focused on Indian history and cultural heritage, where participants from all 29 states gained insights into the functioning of the Indian Army, Navy, and Air Force. The event included hands-on training with military personnel, understanding the equipment used in warfare, and learning about the role of firefighters in disaster management.

- Worked on optimizing the web application for improved load times and user experience.

NCC 'A' Certificate (Grade A)

National Cadet Corps (NCC)

Awarded for excellent performance during NCC training with the 1st J&K Naval Unit NCC Srinagar, showcasing leadership, and discipline.
